Join Kely Knowles at the Rock Harbor Gallery and create a Rock Harbor Sunset in watercolor. During the three hour class, using reference photos as inspiration, you will learn value, design and relationships through drawing a thumbnail sketch, transfer your composition to watercolor paper and guided by Kely's artistic experience you will produce a finished work of art.

Learn the fundamentals and improve your visual translation of the world around you. This guided exercise will help make sense of it all and will provide time for individual expression and instruction.

All this in the ideal and inspiring setting at Rock Harbor.
