HISTORIC HOUSE PLAQUE PROGRAM

Houses in the Orleans *Historic Inventory* file are eligible if they retain the integrity of the original construction. Additions or alterations do not necessarily exclude a property unless the building no longer retains significant elements of its original style. The Orleans Historical Commission will make this determination.

Houses not on Orleans *Historic Inventory* may be eligible if they are at least 50 years old. Submit the application with photos of the front and sides of the building and the Historical Society will make a determination.

The Orleans *Historic Inventory* is kept at the Historical Society at the above address. Please visit the museum weekday mornings or request copies by mail/email or phone.

Production of the historic marker by Young & Fancy Signs will be arranged by the Orleans Historical Society. You will receive mounting hardware and directions for mounting as well as directions for placement on your house.

APPLICATION

Name _____

Mailing address _____

Telephone & email _____

Address for which plaque is sought _____
