

Unique Opportunity to Recognize or Memorialize a Loved One

Renovations and improvements at the CHO are nearly complete. The outside Plaza connecting the Meetinghouse and Hurd Chapel is the last phase and is due to be finished in the next month. With a new lawn and other outside improvements, the site will be a special place for visitors to the CHO. We would like to include a circular bench on the Plaza that would surround the base of the gigantic pine tree that has graced the site for decades.

Would you like to be part of the beautification project?

Do you have someone you would like to recognize or memorialize?

If so, we have an opportunity for you to consider.

A circular teak bench will be installed around the large pine tree on the CHO Plaza. It has six sections (see above). With a contribution of \$1,000 we will inscribe a brass plaque on one of the sections per your direction. There are only six of these sections so responding to this notice quickly is important if you want to participate. The first six people who respond will have the pleasure of assisting the CHO in creating a wonderful meeting place for the Town of Orleans.

Yes, I would like to participate in acquiring the teak circular tree bench on the CHO Meetinghouse site. Enclosed is my contribution of \$1,000.

Include the following inscription on the brass plaque to be placed on the bench:

Name: _____ Email: _____

Address: _____
